INTRODUCTION

Our Philosophy

Issac Newton Global School (INGS) is committed to provide much more than mere transmission and skills acquired through compartmentalized syllabi. True education begins with knowing and understanding the child. At INGS we focus on overall development of the child i.e. Body, mind and soul, that helps create compassionate world citizens.

Social environment plays a vital role in moulding child's future. Therefore, the environment at INGS is defined by creating a culture that permits learner to express him / herself and provide stimuli for aesthetic development of sense to focus on extra curricular activities along the intellect. A positive environment helps to build enduring relationship with themselves and the world around them.

INGS recognize each child as an individual being with his / her own special set of strengths and talents. This process begins with knowing the worth of others and one's own limitless abilities to learn and to achieve and not with standardized achievement and comparison with others.

This academic year amidst the covid-19 pandemic has been quite challenging with an exciting mixture of learning, achievements and celebrations.

VISION

“Our vision is to establish a school that nurtures a learning culture which believes in and breathes change through education”

Isaac Newton Global School is a tribute to the English natural philosopher, generally regarded as the most original and influential theorist in the history of science: Sir Isaac Newton.

Infinite possibilities can be created through change in education. Positive development of children is possible through discovery of self, of the life cycle of a honey bee, of the law of motion or the speed and precision with which communication system are established.

Learning for children is a discovery of the self and a yearning to share that discovery with peers, teachers and parents. Our aspiration as a school is to provide much more than mere syllabi and examination oriented education. It is to help children become responsible citizens of the global community.

Established in 2014, Isaac Newton Global School has been preparing our children for the future. We focus on supporting all students to reach their full potential academically, socially and emotionally.

With a clear vision and purpose, we focus on excellence in teaching and learning to ensure that the students develop their academic skills and to fulfil that our school has taken different initiatives throughout the year.

MISSION & MOTTO

To create a love for learning and make our children responsible citizens for tomorrow.

EXPLORE the world of infinite opportunities.

ENDEAVOUR to succeed.

EMPOWER thyself

Through our motto 'Explore, Endeavour, Empower', we aim to provide the best possible education for each student, ensuring they develop a broad range of skills to enable them to take responsibility for their own learning, and to adapt to a changing world.

The Independence day in Isaac Newton Global School was celebrated with great enthusiasm and vigour via on-line this year due to the effect of corona virus pandemic. Though virtual it was no less than the actual. It was equally robust and lively. It was organised to begin at 8:30 A.M. sharp. All the students clocked in at good time abiding by the rule of punctuality. The programme commenced with a welcome speech by the respective class teachers. The teachers also spoke about the importance of the Independence Day, and about how we can do best for our nation by doing our bit. To commemorate our liberty and sovereignty a video on our Honorable Prime Minister unfurling of tricolour was casted. All the students and teachers stood in attention and saluted the national flag. This was followed by the National Anthem sung in unison expressing the joy of freedom. This was followed by our students enlightening us about the significance of our independence through their inspiring speeches. The speeches were not only reminiscent of freedom struggle but also of pressing issues which needed attention. Although their orations were only for few minutes, they left the listeners thinking and inundated them with the spirit of patriotism. In order to make the students conversant with the sacredness of the independence and the supreme sacrifices of the great martyrs yet another video was displayed. The video reminded us that the freedom is so precious and we should do everything to ensure that it is not endangered. The video also exhibited our Zhenda Geeth, a song that actually evoked passion among the revolutionaries then, spurring them to rebel against the British. Videos on same were sent to Jr Kg ,Sr. Kg, Grade 1 & 2 The programme ended on a nationalistic note leaving everyone charged to work together towards the betterment of our nation.

How Can We Keep Teeth Healthy?

We need to look after our teeth just like we look after the rest of our body.

Do you know how to keep your teeth healthy?

The Dental Awareness Day in Isaac Newton Global School was held on Monday, 7th December. It was organised with the purpose to shore up people with knowledge, tools and credence about sound and wholesome health. As it is rightly said that mouth is a getaway into your body and, therefore, maintaining a healthy mouth may help one ward off medical disorders. The day began with making the students aware with importance of teeth, what is plaque, its formation and ill-effects of plaque. Not only were the above-mentioned points discussed but also the preventive measures for the same were explained too. After the discussion was over, a video and a PPT was casted for students to get the better understanding of good oral hygiene. The video and the PPT was successful, making students cognize the problems and disorders caused due to impoverished mouths. It also educated the students on oral hygiene. The programme culminated with students talking about the importance of maintaining good oral health and writing apt captions.

Aryabhatta

Born in 476 AD

- ❑ Aryabhata was a great Indian mathematician and astronomer.
- ❑ He discovered the Place Value System, the concept of zero which was his biggest contribution in the field of mathematics.
- ❑ He is considered as the greatest genius of all times and his contributions in the field of mathematics and astronomy are used world over to this day.

***A famous mathematician once said,
“Mathematics is the most beautiful
and most powerful creation of the
human spirit.” Math makes our life
well ordered and prevents disarray.
Everything in the Universe is made
of Math – including all of us. It's
one of the most wonderful subjects
and yet it makes most of us cringe.
But it is not so, math gives us a lot of
satisfaction and boosts our thinking
capacity. Therefore, to put this
thought across to our students and
develop their interest in this subject a
Mathematic Day was organised in
Isaac Newton Global School on
22nd December.***

India has had a long legacy of extravagant gurus and intellectuals and mathematicians who had colossal amount of grasp and grip about mathematics and astronomy. From discovering the concept of zero to calculating the correct days in a year and many more. Therefore, to make our students acquainted with such great and famous mathematicians, appropriate PPTs and videos were casted. They were self-explanatory giving information about the famous mathematicians like Srinivasa Ramanujan and Aryabhata. Students were also made familiar with how we are surrounded by Math in every sphere of our life. The programme proved to be of great help for the students as they learnt the that Mathematics is a subject which teaches them that every problem has a solution.

National Science Day

❖ Celebrated to commemorate the legacy of **Sir C.V. Raman** who announced the discovery of the Raman effect on 28th February.

❖ He won the Nobel Prize in Physics for this discovery in 1930.

❖ In 1986, National Council for Science and Technology Communication took the initiative to get the Government of India to designate February 28 as the National Science Day, which is now celebrated all over India.

National Science Day in Isaac Newton Global School was held on 1st March 2021. Due to the effect of pandemic it was held virtually. The main objective of celebrating this day was to brief students and recall the great discovery of Sir CV Raman. It was also celebrated to emphasize the use and application of science in our day to day life and for the welfare of the people. An apt ppt was casted showing the students the notable invention of "Raman Effect" by India's greatest scientist C V Raman. Students were asked to speak about the inventions and discoveries of the other scientists and give their inputs about it. There were many children who communicated that they would want to be a scientist and spoke about their interests. This was also a moment where children discussed about the discovery of Corona vaccine and were very enthusiastic about how as a nation we were working towards it.

happy republic day
"Be the change that you wish to see in the world"

CONSTITUTION OF INDIA

- Constitution of India is considered to be the **supreme law of the country**.
- It establishes the **structure, procedures, powers and duties of the government** and mentions the **fundamental rights, directive principles and duties of citizens**.
- The Constitution of India **declares India as Sovereign, Socialist Democratic and Republic with a parliamentary form of government**.

India became politically free on 15th of August, 1947 but along with political freedom there was also a need for our nation to be economically free, and therefore, the constitution of free India came into force on the 26th of January, 1950 thus turning our nation into a sovereign, socialist, secular, and democratic republic. This day is, therefore, marked on Indian calendar as a day of great importance. This year Isaac Newton Global School had a virtual celebration. The programme began with the unfurling of our national flag video and singing of the national anthem which was followed by respective class teachers bidding welcome to the students and briefing the students about the importance of this day, talking about our National Emblem, importance of pledge and citizen rights in democracy. The PPT was very educative, informative and self-explanatory. After the PPT the virtual dais was kept open for the students to express their views. Students expressed their thoughts. This was followed by a presentation made by the grade 7 students on the project Rural India and Winds of Change which spoke about a unique village and a change maker. Videos on same sent to Jr Kg, Sr Kg, Grade 1 & 2. It was heartwarming to see the seniors presenting to their juniors and setting up standards of hard work, teamwork and dedication.

Onam is an annual festival celebrated in southern Indian state of Kerala. It is a harvest festival celebrated by Malayalis According to legends, the festival is celebrated to commemorate King Mahabali, whose spirit is said to visit Kerala at the time of Onam.

India is a country with extensive diversity. Because of this population diversity there is an immense dissimilarity and unlikeness in our culture. In spite of all this there is unity in our country. We are the country with the most beautiful mingle and whisk in terms of cultures, religions , races, language, festivals, cuisines and much more. Therefore, to make our students conversant with this uniqueness, we at Isaac Newton Global School encourage the celebration of various cultural events and festivals. This is done solely with the purpose of making our students tolerant citizens of India. Therefore, an on-line Onam celebration programme was organised which was held on Monday, 31 August. Few minutes from our regular lectures were set aside to execute the same. Instructive and illustrated power point presentation was displayed for the students. The power point presentation familiarized the students about the significance and auspiciousness of this day. It gave them in depth the details about everything. Right from how and when it is celebrated, attires worn by the people, Onam Sadhyas, the cultural dance , games, to drawing of flowers petals rangolies called pookkalams. The students celebrating Onam were asked to say a few words about it. Also they were asked to show the pookkalams made by them. Children enjoyed this session. They enjoyed speaking about the importance of the day and exhibited the pookkalams made by them. The session proved to be very informative and entertaining at the same time.

2. TEACHERS DAY

The On-line Assemblage of Staff for Teacher's Day Celebration

Date & Day : Saturday, 5th September 2020

Venue : Online

Time : 09:15 A.M.

Members present : All members present except some. Some members who were anxiously awaited, for some domestic reasons could not clock in for the meeting. Excused members: Prajapati Miss and Baljeet Sir.

Purpose of the meeting: To discuss the following week's timetable. Gauging the portion taught till date and the time required for completion of the remaining portion. Discussing and evaluating the Teacher's Day Celebration that took place the previous day and getting the measure of the same. Exchange of views regarding uploading of demo tests on teams.

The meeting began with taking the attendance. The timetable was discussed for the following week after speaking to all the subject teachers.

Also the portion taught till now and to be taught before the first term exam was talk about. This was done with the purpose of completion of the portion well before time for all the subjects to avoid last minute fret.

Then there was an interactive session, where all the teachers expressed their views and opinions. Every plus and minus were discussed without intruding the ambiance of positivity.

The next topic that was taken up for discussion was uploading of demo test session on teams.

Once all the work was done, started the main part of the session and that is the virtual Teacher's Day Celebration.

The game of housie was played. It was engrossing and entertaining. The list of winners for the same

Jaldi 5 - Snovia Miss

Top line - Trusha Miss

Middle line - Sapna Miss & Delilah Miss

Full house - Sapna Miss & Akshata Miss.

This was followed by an on-line pictictionary game, yet another wonderful game, bringing out the artists in all the teachers, where in all had to draw a picture for the given word for others to guess it right.

Trusha Miss, Snovia Miss, Pravin Sir, Ankita Miss, Linette Ma'am and Mitali Miss took up the task of putting the word given into impression and it was guessed by Alisha Miss, Ankita V. Miss, Deepali Miss, Rashmit Miss, Trusha Miss and Rohini Miss respectively.

Shibu Sir and Priti Ma'am joined the session. They took the session all together to the next level with their inspiring words and cosy wishes. Their words made us feel confident about ourselves as teachers and made us charged up for the upcoming challenges.

After they had left Linette Ma'am took over and spoke at length about the importance of working as a team. It was thought provoking and persuasive communication.

In the end teachers expressed their views and thanked their co-teachers and the meeting was concluded.

***The online Teachers' Day Celebration in Isaac
Newton Global School took place on Friday,
4th September with great energy and
enthusiasm.***

***It was a splendid display with no doubt. It was a
structured programme and purpose was to
bring to the surface the theme 'Parents are Our
First Teachers'. The programme started with
introduction to the significance of the
Teacher's Day. A power point presentation,
which was harmonized with the introductory
speech, and thoughtful videos played alongside
which were thought provoking.***

The teachers also spoke to make the students aware of the fact that the parents are their first teachers and will continue to remain so till the end. It was followed by the befitting videos. We are living in unexpected and unprecedented time. The current pandemic has had a devastating impact on the global education. The sudden leap into the online learning has not only brought upon additional challenge in the life of the teachers and pupils but also in the life of parents equally. The third video made the students aware about the pivotal role of their parents with teachers in making the on-line learning process successful. Then followed the power point presentation made by the parents and the students in commendation of the teachers. It was absolutely heart-warming and thoughtful. As the power point presentation was playing, it was like warm wishes and gratitude pouring down in torrents, filling out hearts with great delight. This was followed by the vote of thanks by the respective class teachers to the parents and the students for the wonderful treat in the form of power point presentation. The rearmost part of the programme was full of joy, as the virtual dais was thrown open to the students to voice their feelings. Many students took this opportunity to thank their parents and teachers.

The programme ended on a very contended note, for our efforts to put forth the message(Parents, Our First Teachers) had met with success.

An online celebration of Grandparents Day in Isaac Newton Global School took place on Monday, 14th September. It was celebrated with abundance of respect and admiration for our grandparents. It was scheduled to begin at 3:00 pm sharp for Grade 6 & 7. 10:30 am for Grade 3, 4 & 5

The programme began with a welcome speech by the respective class teachers. Grandparents were given a heartfelt reception to the programme. Students were made aware about the importance of grandparents in their lives and also about the unconditional love they exhibit. This was followed by a power point presentation. Our grandparents do not only love us endlessly but they constantly pray for us too. They hug and embrace us in their orison invariably, therefore, a video on 'Grandparents Prayers' was played. The profound rendition of the song left each one dewy-eyed by the end. This was followed by a thank-you video to express a deep sense of eternal gratitude to the grandparents. Then the students were given a questionnaire to hold a meaningful discussion with their grandparents, were asked to present their discussions. This was the most wonderful fragment of the programme, for when the students were telling about the views of their grandparents on the questions like 'piece of advice' there was a flash flood of values and virtues to last for life time. . The day witnessed a lively participation of children with their grandparents expressing their views and ideas .There were some very emotional and heart touching moments during the programme which left all of them tearful. Then the students were asked about their views on the art videos sent to them. They also displayed the art work done by them.

All in all it was the most beautiful evening filled with abundant showers of blessings

'The children's day for Isaac Newton Global School students was celebrated on 12th Nov 2020 with great enthusiasm virtually. The program began sharp at 8:30 AM and all the students were welcomed and addressed by their class teachers. Once everybody had settled in, an animated movie 'Crow' was played for the students. The main theme that ran throughout the movie was that of 'self sacrifice'. The protagonist (crow) in the documentary chooses to risk his life for all his friends in distress out of altruism. It also fostered a spark of self-sacrifice in the young hearts which was a wonderful message the students took home that day. After the movie ended, started the fun and frolic session. A game of asking riddles and giving light dares to the students who failed to answer those riddles was played. Students enjoyed this game. In the last part of the programme the virtual dais was thrown open to the students to express their views. Some of the students spoke about how to celebrate eco-friendly Diwali and also resolved to be the torch bearers spreading light and becoming role models for the community at large.

Thus the children's Day ended on a very gratifying note leaving the young minds charged with the value of self-sacrifice and finding their happiness in the happiness of others.

5. CHRISTMAS

Date & Day : Wednesday , 23rd December 2020

Venue : Online

Time : 8:30 am for Grade 6& 7 -- 10:30 am for Grade 3,4&5

Teachers in Charge :

Grade 3 Team 1 : Ms Priya Paul

Grade 3 Team 2 : Ms Erica Gansalves

Grade 4 Team 1 : Ms Annie Mathew

Grade 4 Team 2 : Ms Ankita Vaz

Grade 5 Team 1 : Ms Riya Pereira

Grade 1 B : Vinita Patil

Grade 1 C : Rilsina Almeida

Grade 1 D : Prajapathi Jamdhade

Grade 2 A : Leona Pereira

Grade 2 B : Reeta Bedeskar

Christmas celebrations are never complete without a Christmas Crib, a beautifully decorated Christmas tree and a Santa Claus. Also referred to as Nativity Scene or Manger scene, Christmas Crib represents how Jesus was born. It exhibits figures that represent infant Jesus, his mother Mary and her husband Joseph.

People around the world decorate Christmas Trees with ornaments and lights representing the colours, symbols and events of celebration. The Christmas Tree is a symbol of life in the midst of winter.

Christmas Candle

Christmas is a festival which inspires the spirit of caring, sharing, giving and most importantly FORGIVING.

Unfortunately these ethics are depleting day by day and, therefore, to inculcate these values in the students, an online Christmas Celebration was organised in Isaac Newton Global School on 23rd December. The programme was scheduled to begin sharp at 8:00am .

The celebration started with the warm greetings of the season and welcoming the students. The program started with a small prayer. After the prayers the celebration mood was in full swing .The boundless joy of the celebration was clearly visible on the faces of the students and the magic of Christmas soon descended into the hearts of each and every student as the celebration gathered momentum.

Students were made familiar about the Advent Wreath, Christmas Ornaments and Santa Claus through the power point presentation. Students were then given a chance to speak about their message to Santa. Most of the messages were common (a prayer for total eradication of the deadly virus) reflecting the selfless attitude of the young adults. The students were also asked to display their Christmas decorations and the Christmas Ornaments which they had made observing the videos send by their art teachers during the week. The best way to spread Christmas cheer is singing loud for all to hear. Therefore, peppy Christmas Carols and videos were played. It was like waving magic wand making the aura around even softer, more beautiful and lighter and more fragrant. These were wonderful renditions - where indeed a song of Christmas was heard, to wake up the midnight sky ushering a host of angels to sing in jubilation.

The celebration came to an end fostering a spark of self-sacrifice and selflessness in the heart of each and every student for without giving there is no true Christmas and without sacrifice there is no true worship.

6. HARVEST FESTIVAL

Date & Day : Thursday , 14th January 2020

Venue : Online

Time : 8:30 am for Grade 6 & 7 10:30 am for Grade 3, 4 & 5

Teachers in Charge :

Grade 3 Team 1 : Ms Priya Paul

Grade 3 Team 2 : Ms Erica Gansalves

Grade 4 Team 1 : Ms Annie Mathew

Grade 4 Team 2 : Ms Ankita Vaz

Grade 5 Team 1 : Ms Riya Pereira

Food

On this day, people make and exchange the sweets made with jaggery. Sugarcane is harvested as the first crop, from which jaggery is made. The sweets like til(sesame) ladoos , coconut chikki, are prepared using this jaggery. People wish family and friends with an expression 'Tilgud ghya ni god god bola'.

Kite Flying

- On this day children and elders make and fly kites.
- While flying kites people are exposed to the sun rays.
- When our body is exposed to the sun it is believed we get rid of the skin infections and illnesses.

We belong to the nation with immense diversity. India as a nation has always been known for its vastness in terms of cultures, languages, religions and so on. Yet in spite of such an enormous and extensive diversity there has also been a unity among the folks.

Pongal

☐ Boiling Over Milk and Rice

Thaipongal

- ☐ Hindu Festival
- ☐ Harvest Festival
- ☐ Sun Festival (Suriya Pongal)
- ☐ Thanksgiving Festival
- ☐ First day of the auspicious month

LOHRI

IS CELEBRATED MAJORLY IN PUNJAB AND NORTH-WEST STATES OF INDIA.

A bonfire is lit which symbolises Lord Agni. After offering food, people seek blessings, prosperity and happiness from Lord Agni. It is also believed that if one walks around the fire on Lohri, it helps in bringing prosperity.

Therefore, in order to engrave this notion in the young minds a celebration of Harvest Festival was organised at Isaac Newton Global School on 14th January. The programme began at 9:30 am sharp.

The students were shown a PPT explaining as to how this particular festival is celebrated and known in different parts of the nation thus putting forth across the young minds that even though the celebrations differ but what remains the same is the spirit and essence of the festival.

Videos on same were sent to Jr Kg, Sr Kg, Grade 1 & 2

The popularity of fast food and instant meals is increasing with the precipitation of modern lifestyle. In view of this, a MasterChef competition was organised. It was organised with the purpose of making students aware that the homemade food is healthy and nutritious. Another objective of the event was to inculcate healthy food habits and awareness regarding the choice of ingredients among the students. It proved to be a roaring success. It amazed everyone not only with dishes, but also with the presentation of the dishes. The competition also helped to discover new culinary talents among the students. All the students presented their healthy nutritious recipes abiding by the parameters set for the competition. As the competition gathered momentum, it was like a visual treat for all of us. It was great to see almost cent percent involvement in the event.

At the end the students perceived that if we put our mind and heart to something we can achieve it with no doubt. More than that, it gave them a realisation that cooking need not be associated with and considered as a gender role; rather it is a life skill that all should aspire to acquire.

India is predominantly a land of villages and major portion of our population lives in villages. Over the years government of India has paid a lot of attention towards the upliftment of the villages. However, majority of them still remain afflicted due to evils of ignorance, illiteracy, conventions of old era and so on. All these are the hindrances in propelling the development of our nation. As it is rightly said that, one cannot change the masses, it's impracticable. Yet what is practicable and doable is that one can start off by doing one's own bit. And we have many such examples where common citizen who with their never-say-die attitude and spirit have achieved what seemed impossible. Therefore, to make our students acquainted with such testimonies, grade 7 students were given a responsibility to conduct a power point presentation for the lower grades as a project assignment and had to work on teams . Students usually find presenting after their formal studies very challenging. Many feel less confident when speaking in front of large groups. Therefore, the main purpose of emphasising on this particular activity was to help students develop professionalism while still in learning environment itself. Namrata Miss, Rashmeet Miss and Delilah Miss worked tirelessly with the students to make this project a success. Each grade had two such groups presenting in their class.

This project was very educative and at the same time it was persuading and encouraging. The presentation not only helped the audience but also the participators. Presentations gave students the opportunity to work on the language systems concerning the vocabulary, grammar, oral and communication skills .

The Principal/ Head of the Institution
Isaac Newton Global School,
Andheri West.

Dear Sir/Respected Madam,

Sub: Toppers Results of the Regional/State Level competition (Level 2) 2020 -2021
highlighting the names of the Winners and Top mark scorers.

This communication brings to you the list of top mark scorers and winners of your school (if any).

After the Main Exam for Level 2, we had an online in-camera exam with invigilators only for the Toppers of Level 2 Exam on 16 March 2021. In the Tie Exam, like in all our procedures and processes, we have adhered to our core values of fairness and justice. We did everything we could keeping the best interests of the students; we have made sure no deserving child is deprived of his/her due rewards.

The tie papers were assessed only if there arose a tie of the scores of the main papers of the toppers. Therefore, the tie score will reflect only for those Toppers whose main scores were found to be tied.

Depending on their final scores the Toppers will become:

- State Toppers (1, 2, 3 Rank holders) /
- Students of Accomplishment Category

Please find attached a class-wise list mentioning the marks obtained by the Toppers of your School.

With profound thanks,
BALA KUMAR.N,
General Manager –Operations

Young children have an ocean of hidden talents amongst them. Therefore, to uncover and exhibit those talents and skills, an online talent show in Isaac Newton Global School was organised on Friday, 21st August. This was arranged with the ambition to foster and nurture the inherent and inborn attributes of the students.

***The aim was to help children overcome
the stage fright and perform to the best
of their ability.***

The eventful evening was opened up with a welcome speech by the respective class teachers. They spoke at length about the significance of talents and how one could develop them into hobbies. As the programme began it ushered in myriads of talents that lit up the evening. Students were full of confidence and enthusiasm and presented their passions boldly engrossing the audience. As the programme gathered momentum it was like a box of treasure, we came across the talents in abundance. The poets, artists, craft persons, numismatist, athletes, impressionist, musicians, vocalist and the list go on. The audience were absolutely glued to the screen.

***The talent show proved to be
magnificent platform to the students
to showcase their talents in various
fields. It not only helped the
participating students to show their
abilities but also motivated them to
find out their hidden potentials.***

WORLD OF WORDS

What is WOW all about ?

Every Friday words are uploaded on the website of INGS

Students find meanings of these words and make sentences using those words

Students maintain small notebook for the same thus creating their small mini dictionary.

Students then make their dictionary creative and attractive by adorning and beautifying it

Most importantly they use it to enhance their vocabulary

Evaluation and Competition is held in the form of MCQs

The winner wins the title of 'The Word Master of INGS'

Vote of Thanks

All the good work of the school has been possible with the cooperation of our highly qualified and dedicated faculty. Thanks to the management committee of our school for their able guidance and encouragement. I would like to conclude by extending my sincere thanks to all the parents and each one of you, our well-wishers who have lent a supportive hand down through the years, in all our endeavours to produce a confident, educated and capable batch of students each year.

Thank you.
