

Report on Field Trip for Grade 5 to 10 and held at Isaac Newton Global School.

Date: 22nd June 2023 (Thursday)

Time: 8.15 am to 10.45 am

Venue: Bhuigaon Beach

Activity: Beach cleaning drive

Conducted by: Activist Lisbon and Zsuzsanna Ferrao.

Introduction:

On 22nd of June 2023, students of Isaac Newton Global School, grade 5 to 10 were taken to Bhuigaon beach for a beach cleaning drive organized by activist Lisbon and ZsuZsanna Ferrao. This field trip was conducted to raise awareness among the students about environment and sustainability among young learners. The report will outline the objectives, activities, outcomes.

Objectives:

The main objectives of the 'Beach Cleaning Drive' were as follows:

- Foster environmental consciousness among students.
- Encourage the use of eco-friendly alternatives to plastic bags.
- Develop teamwork and collaboration skills.
- Raise awareness about the harmful effects of plastic.

Activity:

Lisbon and Zsuzsanna briefed the students and teachers about the task and our enthusiastic students put on their gloves for the cleaning. The students along with their teachers cleaned up the litter, especially plastic waste from the beach during the drive. It was an enriching experience for students as well as for the teachers. It was important to show the students the actual reality of the harm done to the nature by us during the course of our daily life. It was surprising to see the dedication by which the students cleaned the beach area and felt extremely proud to have brought about a small change.

Outcomes:

The field trip promoted environmental awareness, creativity, and teamwork and also encouraged students to think critically about the impact of their actions on the environment. This field trip helped students to appreciate the gift of nature and to take care of our mother earth.

Conclusion:

By engaging in such activities at an early age, students are more likely to develop lifelong habits of sustainability and become responsible towards the earth. By continuing to organize such events, we can inspire and educate future generations to protect and preserve our planet.
