

Memory Game Competition

Date: 16th October 2023

Time: 8.15am to 8:45am

Venue: Respective Classrooms

A Battle of Minds!

Introduction:

The memory game competition held at Isaac Newton Global school on account of World Students Day for grades 5 to 10 was an engaging and exciting event where students put their cognitive abilities to the test. The event aimed to encourage students to enhance memory retention and concentration while creating an enjoyable and competitive atmosphere.

Competition Structure:

Grade 5 to 7 had a pattern memory challenge. The teachers displayed a particular pattern on the board. The students had one minute to understand and memorize the pattern. Thereafter students were given blank sheets and got 5 minutes to produce the memorised pattern.

Grade 8 to 10 had verse memorizing challenge. The teachers displayed a selected "Kabir ka Doha" which the students had to memorise within one minute. Everyone was voluntarily given chance one by one to recite the memorised Doha.

Competition Atmosphere and Engagement:

The students displayed immense support. Participants were fully engaged, showcasing their keen focus, determination, and sportsmanship spirit.

Benefits and Learning Outcomes:

The memory game competition played a vital role in promoting cognitive development and enhancing memory skills among the students. Participants gained valuable experience in memorization techniques and concentration, which will undoubtedly benefit them in their academic pursuits.

Conclusion:

The memory game competition at our school provided an exciting platform for students to showcase their memory prowess. Such events should be encouraged in schools to promote an intellectually stimulating environment and support the holistic development of students.
