Report on Pointillism Art competition held at Isaac Newton Global School on account of International Earth Day.

Introduction – On 19th April, 2024 Isaac Newton Global School, organized “Pointillism Art Competition”. This competition was not just about painting but it was all about understanding how colours interact and how our eyes perceive them when they are placed together.

Pointillism Art Competition

PARTICIPANTS - 1st and 2nd grade students of INGS

OBJECTIVE- To help students develop and master the techniques of applying small, distinct dots of colours to create cohesive images and placement of dots to achieve desired effects.

PROCEDURE- Students were given particular time and guidelines on how to effectively create pointillism art on an A4 size paper. Students were asked to bring necessary materials from home to make the Pointillism Art. Teachers allowed students to unleash their creativity and design their Pointillism Art according to their preferences.

JUDGING CRITERIA – The Pointillism Art competition was based on following criteria:

- Relevance to the theme
- Creativity
- Presentation
- Design
- Neatness

OUTCOME- Students created unique and fascinating Pointillism art work, showcasing their artistic talents and expression. Through the process of individual dots of colours blending together in the viewer's eyes and creating new colours and shapes that are not explicitly present in the art work, students developed a deeper appreciation for art.
