WORLD ENVIRONMENT DAY: PLANTING SEEDS FOR A GREENER FUTURE

Date: 5th June 2026

World Environment Day was celebrated with great enthusiasm in our school to spread awareness about the importance of protecting and preserving our environment. Various activities were organized to encourage students to contribute towards a greener and healthier planet.

One of the major activities conducted was **"Plant a Sapling"**. Students from **Grades VI to X** actively participated in this initiative. They brought a variety of **flowering plants, fruit-bearing plants, and medicinal plants** from their homes and planted them in the school open terrace.

The activity helped students understand the importance of trees in maintaining ecological balance, improving air quality, and conserving biodiversity. Students learned about the benefits of different types of plants and pledged to take care of the saplings they planted.

The programme was a great success and inspired students to become responsible environmental stewards. The celebration concluded with a message that every small step towards protecting nature can make a significant difference in creating a greener and healthier planet.

"Plant a Tree Today for a Greener Tomorrow."

Historia Club Activity

Theme: Paper Recycling: A step towards Sustainability

Date: 06th June 2026, Saturday

Venue: Assembly Area

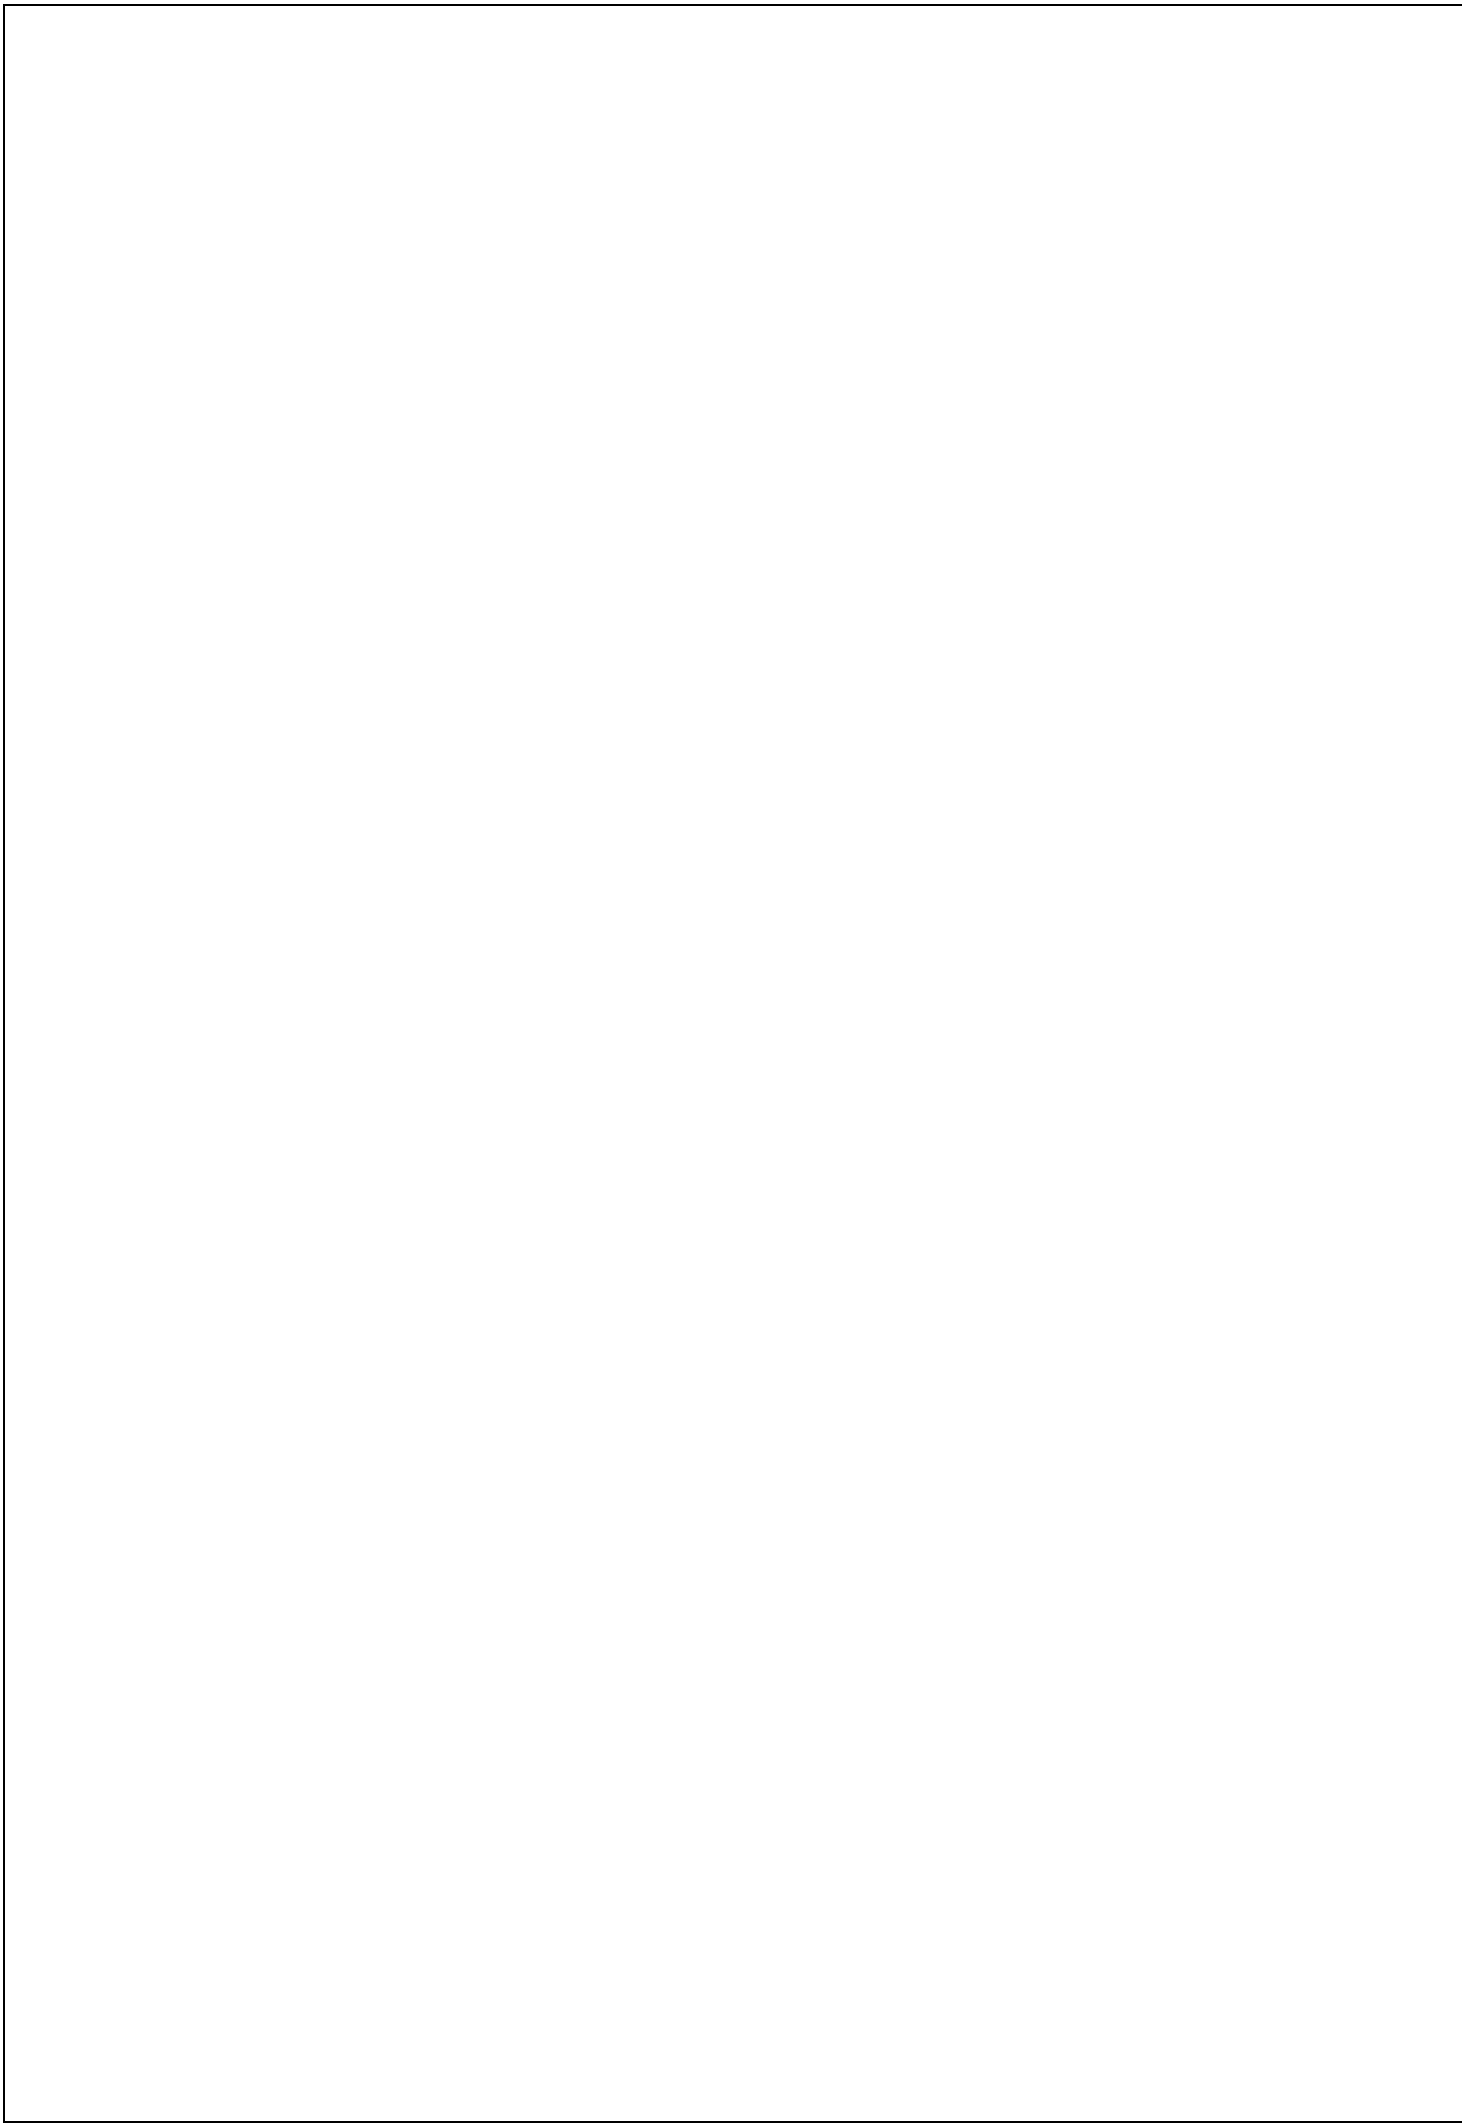

The Historia Club organized an engaging and eco-friendly Paper Making Activity for students of Grade 6 to 8. The primary objective of the activity was to create awareness about recycling and highlight the importance of conserving natural resources.

Students actively participated by collecting old newspapers and used paper from their homes. The collected paper was torn into small pieces and soaked in water. It was then blended into a pulp, which was spread evenly on cardboard sheets and left to dry in the sun. After drying, the pulp transformed into handmade paper sheets.

The activity provided students with practical experience in the process of paper recycling. They learned how waste paper can be reused to create new paper, thereby reducing waste and helping to protect trees and the environment. The hands-on experience enhanced their understanding of sustainable practices and environmental conservation.

Students participated enthusiastically and demonstrated excellent creativity, cooperation, and teamwork throughout the activity. Their active involvement contributed significantly to the success of the event.

The activity concluded with an informative discussion on the importance of the three Rs—Reduce, Reuse, and Recycle. Overall, the Paper Making Activity was educational, enjoyable, and highly successful in promoting environmental responsibility and sustainable living among students.

"Cleanliness Begins with Me"

Isaac Newton Global School successfully organized a Cleanliness Drive for the students of Grades IX and X with the aim of promoting hygiene, cleanliness, and a sense of responsibility towards maintaining a clean school environment. The activity encouraged students to understand that keeping their surroundings clean is a shared responsibility and an essential habit for a healthy lifestyle.

During the drive, students enthusiastically participated in cleaning their own classrooms. They dusted desks and benches, arranged classroom furniture, cleaned cupboards and shelves, disposed of waste in the appropriate bins, and ensured that their classrooms were neat and well-organized. Teachers guided the students throughout the activity and emphasized the importance of cleanliness in daily life.

*The students displayed remarkable teamwork, discipline, and enthusiasm while carrying out the task. Their active participation reflected their commitment to creating a pleasant and healthy learning environment. **The initiative also reinforced the message of the Swachh Bharat Abhiyan, inspiring students to adopt cleanliness as a lifelong habit.***

Learning Outcomes

Through this activity, students learned to:

- Understand the importance of cleanliness for good health and well-being.*
- Develop a sense of ownership and responsibility towards their surroundings.*
- Appreciate the value of teamwork and cooperation while performing community tasks.*
- Practice proper waste management and cleanliness habits in their daily lives.*
- Become responsible citizens who contribute positively towards a cleaner and greener society.*

Every Child Deserves a Childhood: World Day Against Child Labour Awareness Programme

Date: 12th June 2026

On the occasion of World Day Against Child Labour, observed every year on 12th June, Isaac Newton Global School organised a meaningful awareness programme to educate students about the importance of protecting children's rights and eliminating child labour from society. The day is celebrated worldwide to raise awareness about the millions of children who are deprived of their childhood, education, and opportunities due to labour and exploitation. It was first launched by the International Labour Organization (ILO) in 2002, and 12th June has since been dedicated to promoting collective action against child labour.

The programme began with an informative introduction highlighting the significance of the day and the need to ensure every child enjoys a safe, healthy, and educated future. Students were made aware of the causes and harmful effects of child labour and the role they can play in creating a more responsible society.

A major highlight of the event was a thought-provoking **skit** presented by the students. Through powerful performances, the skit showcased the harsh realities faced by child labourers and spread awareness about the various *laws and measures taken by the Government of India, including the Child Labour (Prohibition and Regulation) Amendment Act, 2016 and the Right to Education Act, 2009, which aim to safeguard the rights and well-being of every child.*

Adding a creative touch to the programme, the **Art and Craft Team**, along with the students of **Grades VIII and IX**, designed a beautiful **Expression Wall**. The wall displayed impactful messages, drawings, and creative artwork advocating for children's rights and emphasizing the importance of education over labour. It became a centre of attraction and encouraged students to express their thoughts and commitment towards building a child labour-free society.

The gathering was further enriched by inspiring addresses delivered by the **Principal, Vice Principal, and the School Supervisor**, who encouraged students to become responsible citizens and stand against all forms of child exploitation. They emphasized that education is the birthright of every child and that society must work together to protect and nurture young minds.

An interactive Question and Answer session was also conducted, where students enthusiastically participated and shared their thoughts and ideas. The session helped deepen their understanding of child rights, legal protections, and the importance of creating a child-friendly society.

The awareness programme was successfully organised by the **Historia Team** in collaboration with enthusiastic student volunteers, whose dedication and teamwork made the event both informative and impactful.

The programme concluded on a meaningful note with a heartfelt **Vote of Thanks**, expressing gratitude to the Principal, Vice Principal, teachers, ancillary staff, performers, the Art and Craft Team, and all the students for their active participation and support in making the event a success. The awareness programme

served as a powerful reminder that every child deserves the freedom to learn, dream, and grow in a safe and caring environment.
